Git group assignment

Team members

- Biswajit Paul
- Radim Mušálek

Coding process ¶

- **git status**
- **nano** README.md (changes done in the file done)
- **git add** README.md
- **git commit -m** "List of team members added to the README.md file"
- **git checkout** main
- **git merge** radim_version
- **git push** origin main

Merging conflict in GitHub

List of team members added to the README.md file #4

Resolving conflicts between `radim_version` and `main` and committing changes → `radim_version`

1 conflicting file	README.md	1 conflict	Prev ∧	Next ∨	⚙ ▾	Mark as resolved

```
1    <<<<<<< radim_version
2    # Integrify_Git_lesson
3    Integrify first lesson on using Git and GitHub
4    Team members:
5    – Biswajit
6    – Radim
7    =======
8    # Integrify_Git_lesson using Git and GitHub
9
10   ###### Team members: Radim & Biswajit.
11
12   #### Steps:
13
14   * Making our own branch
15   * Editing same file
16   * Conflict created
17   * Conflict resolved
18
19   >>>>>>> main
20
```
